HEALTH
INDUSTRY FOCUS 2023

THE HEALTH SECTOR

At ISM we believe lighting plays a critical role in bringing environments to life.

From public spaces to patient wards modern hospitals are complex environments.

High quality lighting is required for the variety of functions taking place simultaneously.

Carefully designed lighting should be inviting, relaxing and proficient.

The results are better working conditions, increasing efficiency, satisfaction and wellbeing.

POP
PENDANT

'Make it pop like pink champagne.'

A classic shape sphere available in two standard sizes made from moulded polymer with a polished finish.

The updated Pop Pendant is available in opal with a black cloth cable and metal-ware suspension.

Designed & made in Australia.

SHADY

WALL LAMP

Daniel Barbera has created a playful family of lights inspired by the simple spun aluminium 'Shady' shade.

The Shady pendant is available in small and medium sizes featuring canopy and shades in a choice of gloss white or textured black.

The electrical flex can be white, black or clear. This product can be custom ordered in other powdercoat finishes.

CLINKER PENDANT

CLINKER
PENDANT

'Surprise yourself with a burst of colour and flavour.'

A lozenge shape pendant lamp made from spun aluminium layers with a dual colour finish.

Clinker Pendant is available in 3 standard sizes - small, medium & large.

The light source is a dedicated LED module in a choice of 3000K or 4000K with integrated control gear and dimming options. The lamp source is diffused by a matt acrylic diffuser.

This product is available in matt black, classic white and natural copper colour combinations and can be custom ordered in other colours. The suspension is clear cable with stainless wires.

Designed & made in Australia.

BOSS PENDANT

'A bad job with a good boss is better than a good job with a bad boss'

Our Boss Pendant is always good.

A slimline circular pendant lamp made from spun aluminium with a dual colour finish.

Boss is available in five standard sizes - diameter 360, 550, 740, 1000 & 1200mm.

The suspension is clear cable with stainless wires.

The light source is a choice of dimmable LED modules with either warm or cool colour temperatures.

The lamp source is diffused by a matt acrylic diffuser.

This product is available with matt black exterior and gloss white interior and can be custom ordered in other colours.

Designed & made in Australia.
